

A detailed LEGO Castle set (60000) featuring a large central gatehouse with a red roof and a flag with four golden lions. The castle has two tall towers with battlements. Minifigures include knights in armor, a ghost, and a figure on a horse. The base is green with a stone path leading to the gate. The background is a solid yellow.

This image shows step 25 of a LEGO Technic assembly. The main structure is a bridge with a grey base and a black top section. A red box highlights a specific connection point on the bridge's side. The bridge is set against a yellow background, and the ground is represented by a green and brown pattern. A small black and white diagram in the bottom right corner shows the assembly of a small structure.

This image shows step 69 of a LEGO building process. The main structure is a grey and black castle-like building. A large red roof is being placed on the left side. A grey archway is being built on the right side. A small grey motor is being placed on the roof. A brown barrel is on the roof. A green field with grey rocks is on the right. A yellow and black striped wall is on the left. A small grey motor is being placed on the roof. A brown barrel is on the roof. A green field with grey rocks is on the right. A yellow and black striped wall is on the left.

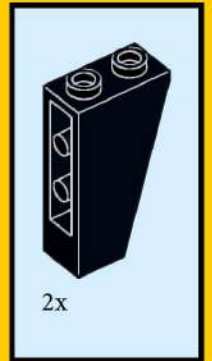

1x 4x

A small inset box in the top right corner shows two LEGO parts: a 1x grey motor and a 4x grey brick. Below them are the quantities '1x' and '4x'.

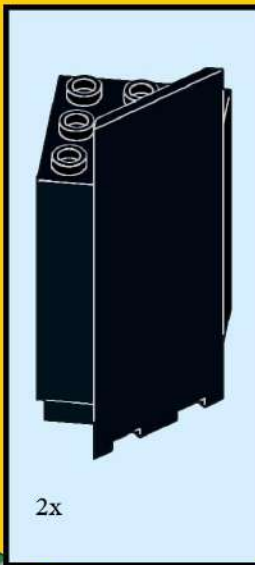

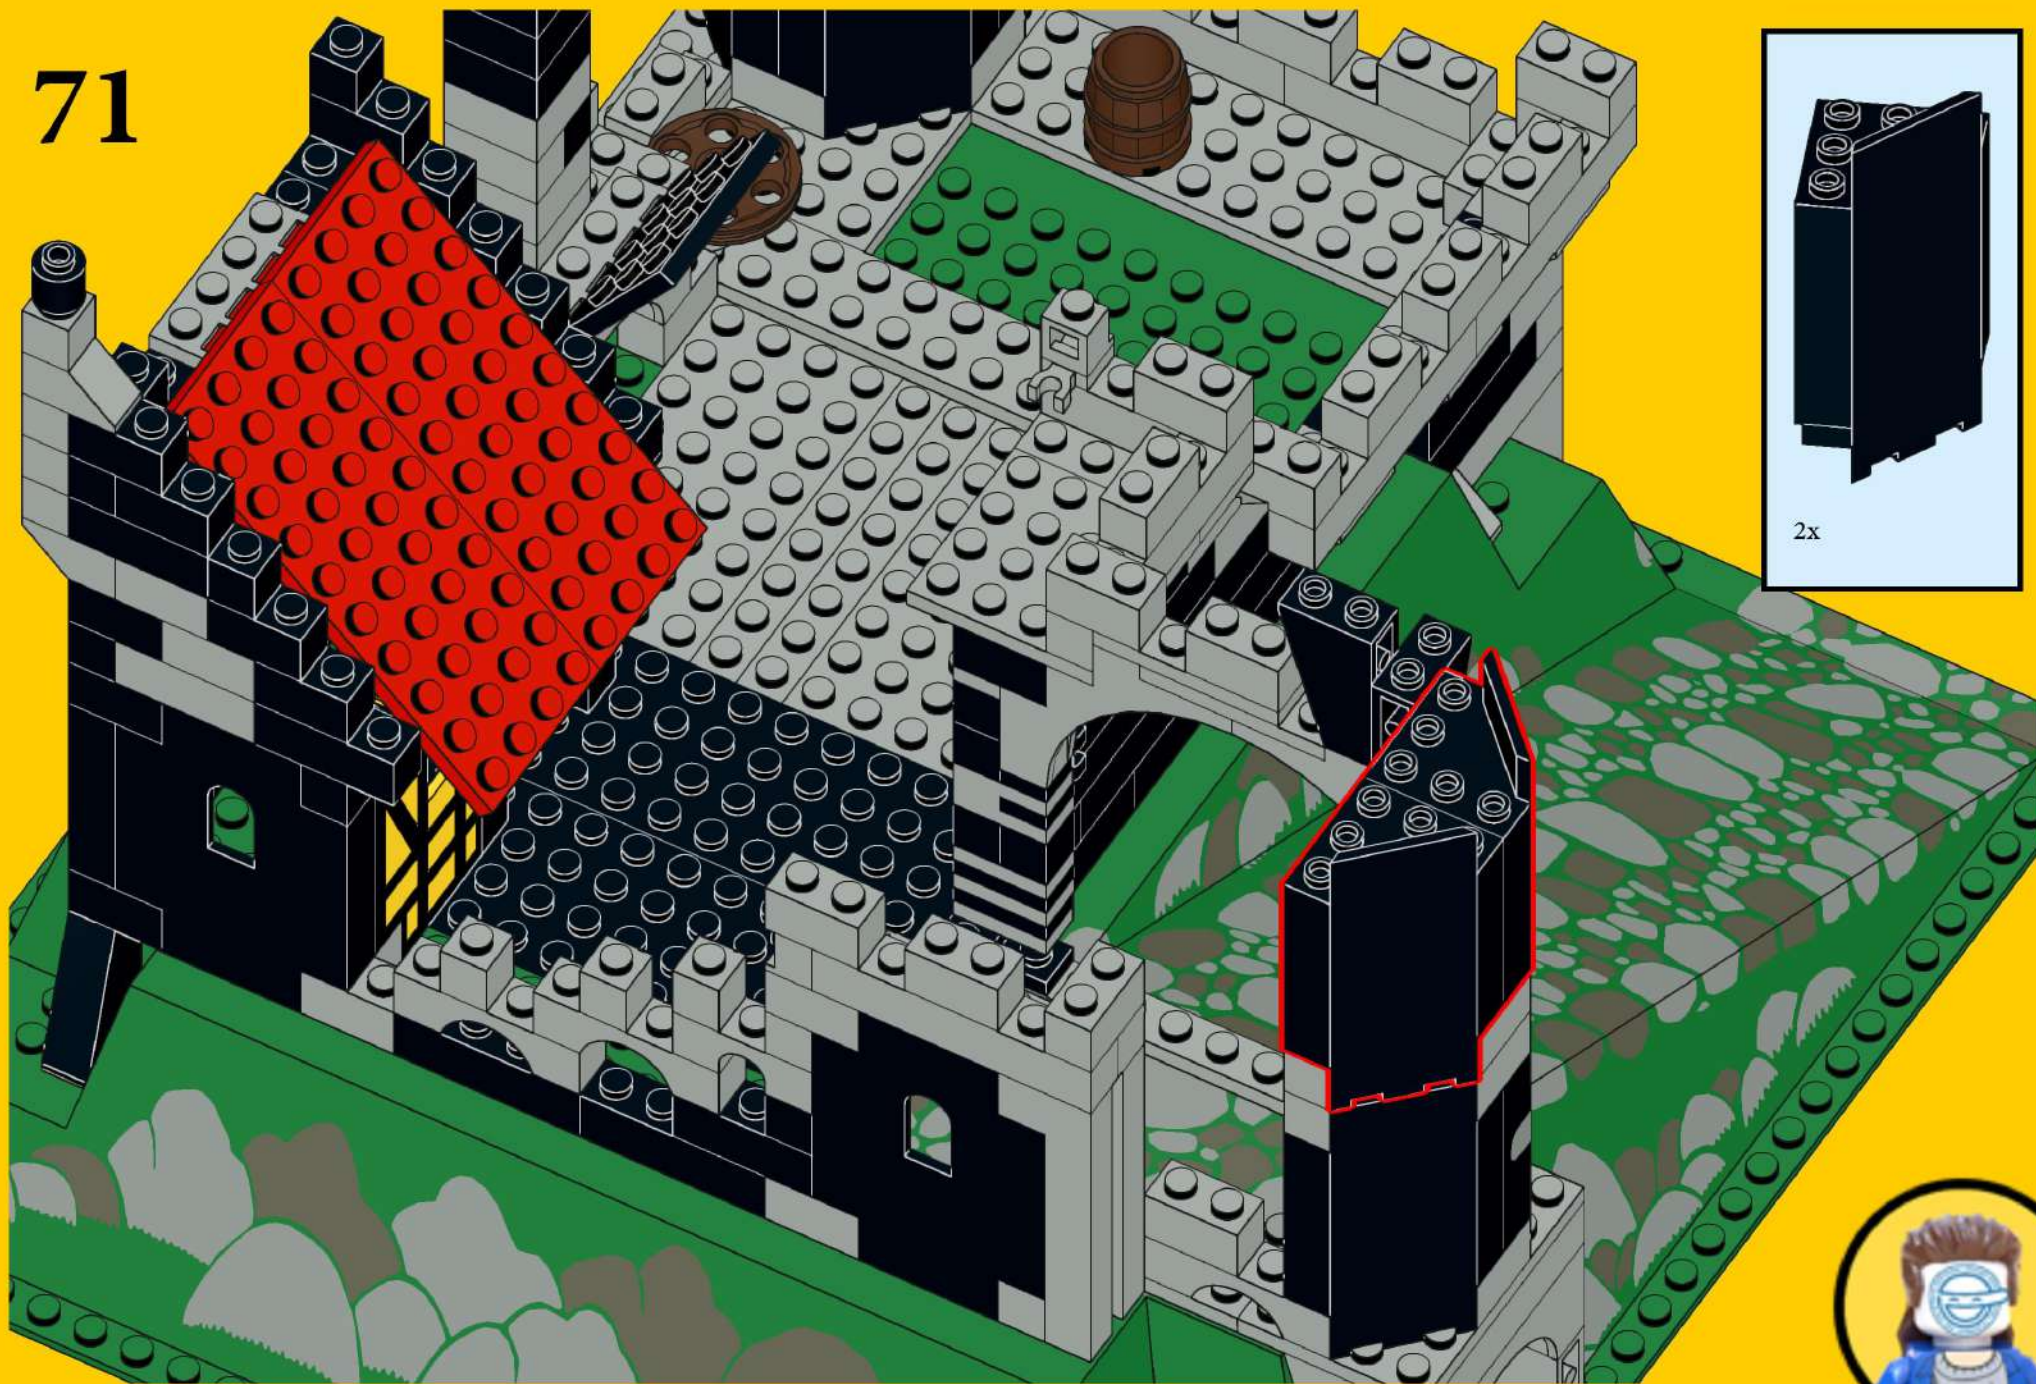

A small circular icon in the bottom right corner shows a LEGO minifigure with a blue head and a white body.
