This diagram illustrates the final assembly step of a LEGO Technic base. The structure is built on a large white 1-hole grid plate. A central black 11-hole Technic beam is supported by two black A-frame legs. To the left and right of the central beam are red structures made of 1-hole and 2-hole Technic bricks. A black 1-hole Technic beam is attached to the top of the red structures. The base is secured with four yellow pins. A legend in the top left corner shows the required parts: 1x black 1-hole Technic brick, 2x red 1-hole Technic bricks, 1x black 1-hole Technic brick, 1x black 2-hole Technic brick, and 2x black A-frame legs.

This diagram illustrates step 13 of a LEGO construction. The main assembly is built on a large white base plate. It features a central black beam supported by two black A-frame stands. To the left, a red structure is built on a black base. To the right, another red structure is visible. A callout box in the top left corner shows the parts to be added: 1x red brick, 1x black 1x3 brick, and 1x black 10x10 plate. Red lines indicate the placement of these parts on the assembly.

 $1x$ 

1x 1/2 red brick, 1x black 1x4 Technic beam, 1x black 10x10 Technic plate
