This image shows step 19 of the LEGO Star Wars: The Force Awakens 75200 Millennium Falcon building set. The model is shown from a side-on perspective, highlighting the intricate details of the cockpit and the long, white, pointed nose. The main body of the ship is constructed from white and grey bricks, with a prominent red stripe running along the top. The cockpit area is a complex assembly of black, white, and red bricks, featuring a small red canopy. The nose of the ship is a long, white, pointed structure that tapers towards the front. The background is a light blue grid with a subtle pattern of white dots, suggesting a starry sky. The number '19' is displayed in a large, stylized font in the top left corner.
