This diagram illustrates the assembly of a LEGO Technic structure, specifically step 61. The main structure is composed of blue and white Technic beams and connectors. A red outline highlights a specific sub-assembly on the right side, which includes a blue beam with a black connector and a white ball joint. The structure is built on a base of blue and white beams, with a large white cylindrical component on the left. The background is white with a blue and white jagged line representing a base or ground.
